1949, Subject as Above.

25X1A

1. The proposed draft of Administrative Instruction [ ] has been reviewed and the following recommendations are offered:

a. Paragraph 1.a. should be altered to read "It is the general policy of the Central Intelligence Agency not to disclose or furnish the contents of CIA publications to private individuals or organizations, or state or local governments."

b. Paragraph 2.a. - It is considered that the Director in passing upon releases of information classified **CONFIDENTIAL** or higher should have the benefit of the recommendation of the Chief, I & SS. It is believed that a sentence should be added to this paragraph as follows: "Prior to the submission to the Director, the recommendation of the Chief, I & SS will be obtained."

c. Paragraph 2. b., third line - The word "necessary" should be deleted because it is believed all such dissemination actions should be in each instance coordinated with the Director, Chief, I & SS and General Counsel.

2. Subject to the above recommendations this proposed Administrative Instruction is concurred in.

## Office Memorandum • UNITED STATES GOVERNMENT

DATE: DEC 6 1949

FROM : Assistant Director for Operations

SUBJECT: Draft of Administrative Instruction re Dissemination of CIA Publications Outside the US Federal Government (Administrative Instruction [redacted])

25X1

STATSPEC

25X1A

1. A definition of the term "CIA Publication" should be included in this Administrative Instruction, since the definitions of "CIA-produced intelligence" and "CIA-produced intelligence information" in proposed Administrative Instruction [redacted] are not sufficiently related to the word "publication" as used in this Instruction. The definition must be so

[redacted]

protective provisions of General Order [redacted] (Paragraph 2 d) apply to dissemination to "agencies not having representation on the IAC" rather than to dissemination outside the US Government.

2. It is therefore requested that such a definition be included, or that all publications issued by Contact Division, OO and (presumably) by OSO and OPC, be specifically exempt from the provisions of this Instruction.

3. If you do not concur in the above request, the responsibilities of this office for protection of sources will require the addition of phrases to several paragraphs of the Instruction as indicated in Tab A. It is thought, however, that a definition or a specific exemption would be less cumbersome.

4. In addition, it is requested that the following changes be made in the text of the Instruction for the reasons given below:

(a) Para 2 b. ".... after necessary coordination with the DCI, Chief, I&S Staff, the General Counsel, and the Office originating the publication". Owing to possible personal liability under libel suits, etc. the Assistant Director responsible for issuing the publication should be informed of such dissemination.

(b) Para 3 a. ".... which that Office, by prior authorization and in accordance with instructions from OCD, furnishes regularly to:...." As written, the paragraph does not show that prior authorization for such dissemination is in accordance with instructions issued by OCD.

(c) Para 3 a (3) "Library of Congress, for dissemination to public and private libraries and universities". Since the Library of Congress is a Government agency, its inclusion in this Instruction is incomprehensible unless the secondary dissemination is mentioned.

CONFIDENTIAL

CONFIDENTIAL

STATSPEC

5. It is further suggested that a more logical presentation of the contents of the Administrative Instruction would be to renumber the paragraphs as follows:

- (a) Para 1. Statement of general policy (present Para 1.)
- (b) Para 2. Statement of approved exceptions to the policy (present Para 3.)
- (c) Para 3. Procedure for exceptions to the policy (present Para 2.)
- (d) Para 4. Processing of requests (present Para 4.)

6. Concurrence in Instruction is dependent upon the changes outlined in Paras 2, 3, and 4 above.

CONFIDENTIAL

1. In order to protect the sources of reports issued by the Contact Division, the following changes should be made in the proposed draft of Administrative Instruction

25X1A

(a) Add the following (underlined) phrase to paragraph 2 a:

"...must be concurred in by the Assistant Director of the office in which the CIA publication originated and approved by the Director of Central Intelligence.

(b) Insert the following (underlined) phrase into paragraph 2 b:

"...must be approved by the Assistant Director for Collection and Dissemination and by the Assistant Director of the office in which the CIA publication originated, after necessary coordination with...."

(c) Add the following as a condition which must be met when CIA publications are proposed for dissemination as an exception to the general policy:

"2 c (4) The proposed dissemination can be accomplished without revealing the identity of the covert or semi-covert source of the information."

25X1A

2. The above changes are believed to be in consonance with the provisions of General Order  but are not covered by a mere reference to that order in the heading of the Instruction.

MEMORANDUM FOR MANAGEMENT OFFICER

25X1A

SUBJECT: Proposed Revision of Administrative Instruction No.

REFERENCE: Draft of Proposed Revision, dated 21 November 1949

1. The following modifications of the proposed draft are suggested:

- a. Since it is possible that a dissemination of information outside CIA would be of advantage to the U. S. Government without being of direct advantage to CIA, paragraph 2. c. (2) should be changed to:

"Clear existing or potential advantage to the United States Government can be shown to result from the proposed dissemination."

25X1A

- b. In view of Top Secret Administrative Instruction No.  dated 6 October 1949, it is recommended that an approved exception to General Policy in paragraph 3 be added, as follows:

- "c. Certain classified intelligence information publications which the Office of Special Operations, by prior authorization in Administrative Instruction No.  disseminates."

## Office Memorandum • UNITED STATES GOVERNMENT

TO : Management Officer

DATE: DEC 29 1949

FROM : Chief, Inspection and Security Staff

SUBJECT: Draft of Administrative Instruction Regarding Dissemination of CIA Produced Intelligence and Intelligence Information.

REFERENCE: Memorandum from Management Officer to Chief, I & SS dated 15 December 1949, Subject as Above.

1. The proposed draft of the subject Administrative Instruction has been reviewed. It is noted that this draft under Paragraph 2. Definitions cites two categories of CIA produced intelligence, namely

- (1) The published, evaluated product of the intelligence producing components of CIA, and
- (2) The unevaluated "raw" intelligence product of any organizational component of CIA.

25X1A

25X1A

There has lately come to the attention of this Staff what is believed to be another category of CIA production, namely, memoranda produced by individual CIA representatives for the purpose of advising interdepartmental committees. An example is the Advisory Committee on Requirements under the sponsorship of the Department of Commerce, and the designation by the DCI of [ ] ORE, as Adviser to this Committee. In carrying out his duty as Adviser, [ ] from time to time prepares classified memoranda over his signature for transmission to this Committee. These memoranda cannot be considered as a published product in the sense of their being printed, bound and released in titled forms, nor are they unevaluated "raw" intelligence. It is believed that this type of memorandum should be defined as a third category under Paragraph 2 and as concerns release to non-IAC agencies that suitable provisions should be inserted in the proposed Administrative Instruction to cover (1) review by an appropriate authority to determine need to know and (2) review by I & SS from the standpoint of security controls.

2. Subject to the above comments the draft of the proposed Administrative Instruction is concurred in.
